THE FOOD

RESTAURANT – BAR

At Lily Wood, we only cook fresh products, and mostly local and seasonal, but we do not deprive ourselves of picking flavours up from all over the world to create our dishes. A fine, generous and revisited cuisine with multiple flavours.

**-A gourmet's cuisine,
fresh and colourful-**

A creative and surprising menu made from fresh products that our chef will personalize and adapt according to your tastes but also depending on the type of event you want to organize: breakfast, lunch, dinner, cocktail, after works, team building.... With family, friends or colleagues, you will spend a pleasant moment around sharing dishes in a cosy and friendly atmosphere.
