

WELCOME HOME

Located right in the heart of the Marais, the 1K Paris has become known as the new “place to be”, and now, in 2019, has a new ambition: To combine storytelling and story-“living” experience, premium events, social hotspots, lively design, and much more, all of this within a hotel.

This new ambition is built upon the eclectic, unique designs of 1K Paris mixed with top-of-the-range services, living spaces and catering assured by its new contemporary Peruvian restaurant.

Thanks to these assets 1K Paris can provide a wide range of services in order to design made-to-measure events in the heart of Paris...

A dimly lit conference room with rows of chairs and a large screen. The room is set up for a meeting or presentation. The lighting is low, and the overall atmosphere is professional and quiet. The text 'CUZCO' is centered in the middle of the image, enclosed in a thin yellow rectangular border.

MALICIA

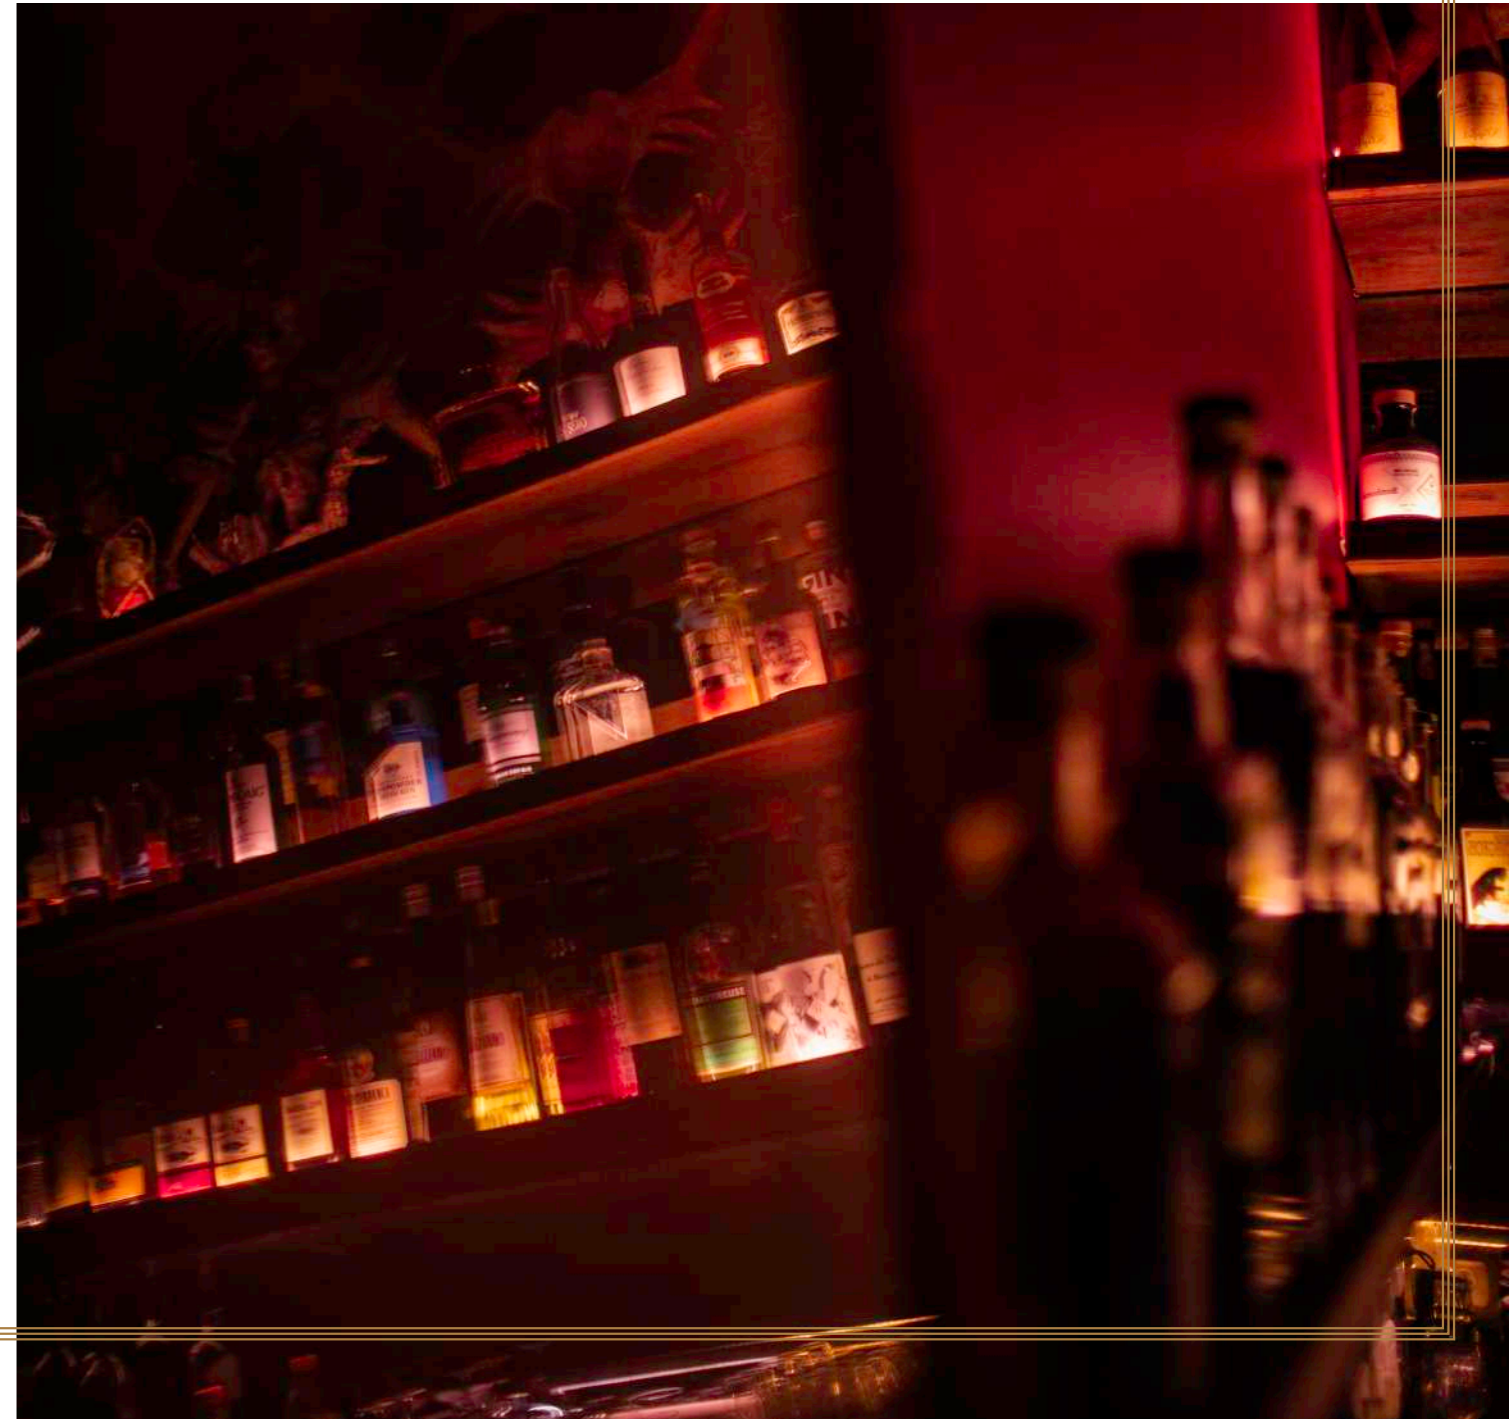

LA MALICIA

The Mezcaleria Paris now houses a new hidden bar within it called Malicia. Strongly infused with a concept inspired by voodoo, alchemy, black magic and mysterious rituals that are intended to help our clients embrace the Deadly Sins. The premise of the place is unequivocal : “If it was possible to fulfill any of your desires, which one would it be?”

At the heart of this dark, velvety atmosphere you will find a menu tinged with mysticism, where your desires are mixed up with spells, and you will choose your cocktail as if the barmen were reading your tarot cards.
