

WELCOME TO HOTEL LE PIC BLANC ****

The entire team at hotel Le Pic Blanc is delighted to welcome you at Alpe d'Huez. We'll do everything we can to make sure you're glad, too.

The following pages will provide you with a concise overview of the hotel facilities and services. For additional or more personalized requests, please feel free to contact us by telephone, dialing **9** from the phone in your room.

On behalf of the entire team, I wish you a very pleasant stay at Hotel Le Pic Blanc and in Alpe d'Huez sunshiny 300 days per years.

ALPE D'HUEZ, THE SUNNY ISLAND

Since 1936, Alpe d'Huez has expanded at an altitude of 1860m on the southern flank of the Grandes Rousses Massif. Also called "The Island in the Sunshine", this resort enjoys long periods of sunshine (an average of 300 sunny days per year) and a particularly active microclimate.

Only 1 hour away from Grenoble and less than 5 hours from Paris, Alpe d'Huez is a great play ground with varied activities to enjoy with your family and friends. This special naming of "Lifestyle Resort" is justified by the resort's natural features and richness.

The resort has been awarded the regional Reception Trophy in 2003, and the Quality Charter for an ever-growing number of rental accommodations, the large number of skiing and non-skiing activities, the performance of the ski lifts, 4 itineraries with 2000 meters vertical drop... and runs such as the Sarenne, the longest run in the world with a length of 16 kilometres that guarantees a long-time skiing pleasure...

At an altitude of 1450m, overlooking the Sarenne gorge, lies Huez, offering the quaintness of a mountain village just kilometers away from an international mountain resort. The tranquility, comfort and authenticity of this village provides the perfect setting to pass the time. Huez will awaken your sense of exploration, with the discovery of the tiny alleys leading to the roman church of Saint Anne.

One hotel and two country gîtes welcome tourists with genuine hospitality. Shops, bars, a bookstore, and a cyber café are open to the public during the season. Thanks to the "Tele-village" cable car of Huez, skiers can access the resort of Alpe d'Huez within 5 minutes.

Alpe d'Huez is the ideal place for lots of activities: sport (hiking, aerial, cycling, horse riding, cultural and relaxing, but it's also a resort with big events during the whole winter!

OUR ACTION FOR THE ENVIRONMENT

Respect for the environment is one of our highest priorities.

For you, for us and for future generations, we have adapted the hotel in order to minimize its environmental impact as much as possible.

For longer stays, the sheets are changed following your 3rd night. If you would like your bed to be changed before, please let the reception know.

If you would like your bath towels to be changed, please leave them in the bath or shower.

The bulbs in your room and in the common area are, for the most part, low energy consumption bulbs. They may, therefore, take a few seconds to light up.

We would like to thank you for helping to make an effort concerning the environment.
