My entire team and I will be honored to welcome you to our world of flavours.

The history of this house is linked to the history of our family for three generations and I am particularly happy and proud to see this saga continue, since Alexandre, my nephew, is now assisting me in the kitchen and participates with talent in the development of our new creations.

We draw our inspiration from the seasons, our travels and everything in between. In other words, we want to share our love of the beautiful products, market, gardeners, breeders, fishermen and other talented craftsmen that make our job possible every day

Our work is also part of the greatest respect for our environment and the absolute necessity to preserve, more than ever, biodiversity

For me, the genius of a chef is to express all his creativity without ever losing the magic of his work. of the product, its taste, its texture, its aromas...

Discovering, tasting, happiness to share a good time with loved ones, will sure make emotion and magic.
