

Dear guest,

We would like to inform you about the various parking options available at our hotel.

The hotel has its own underground parking with limited availability. For organizational reasons, parking spaces cannot be reserved and are therefore subject to availability upon arrival at the hotel.

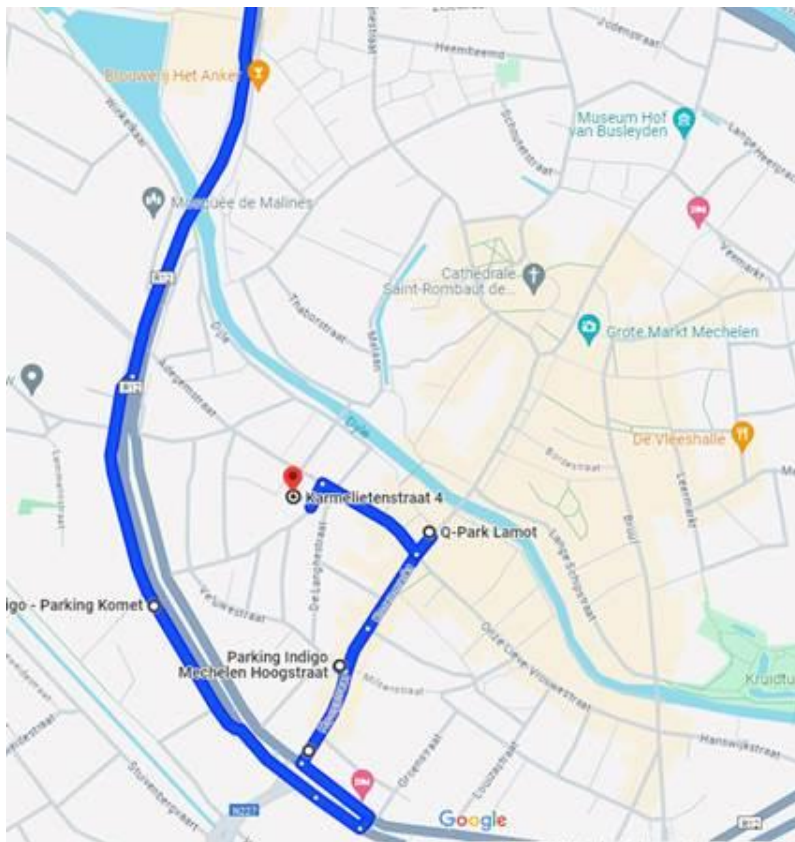

Parking is available at a rate of €30 per night, allowing you to leave your car for an additional full day on the day of check-out.

Upon arrival, we kindly request that you check in at the reception for more information on accessing our parking facilities.

If our own parking is full, we offer you alternative options within close proximity to our hotel:

**Indigo Mechelen Hoogstraat and Q-Park Lamot Parking:** These parking facilities are located just a 2-minute walk from our hotel. To reach them from the E19 highway, we advise you to take the Mechelen Noord exit and follow the directions to Hoogstraat, where you will find the parking facilities on your left.

**Indigo Mechelen Komet Parking:** This parking is located at Koningin Astridlaan 134, just a 3-minute walk from our hotel. This parking also offers electric charging options. To reach it from the E19 highway, we recommend taking the Mechelen Noord exit and following the directions to Koningin Astridlaan.

We recommend using the Waze GPS application to reach the hotel.

Best regards,
